

OFFCAMPUSCAREER
(A Unit of Shami Innovation and Technologies LLP)

Subject: Temporary Closure of Select Services Due to Insufficient Funds

Dear Students, Clients, and Partners,

Offcampuscareer has always been committed to providing high-quality services and opportunities to students and professionals. However, as a self-funded company, we are currently facing financial constraints that have made it challenging to sustain certain operations.

As a result, we regret to inform you that the following services will be temporarily closed until further notice:

- Placement Services
- Internships
- Cloud Services
- DevOps
- TIP (Partially Closed)

This decision was made to ensure the long-term sustainability of Offcampuscareer. Once the company stabilizes financially, we will evaluate the possibility of resuming these services.

We appreciate your understanding and continuous support during this period. For any queries or concerns, feel free to reach out to our team.

Best Regards,
Team Offcampuscareer
